

UNDERSTANDING HEALTH ECONOMICS IN CANCER RESEARCH

The Centre for Health Economics Research and Evaluation (CHERE) has been contracted by Cancer Australia to continue to provide health economics services to the Multisite National Cancer Collaborative Clinical Trials Groups through the **Cancer Research Economics Support Team (CREST)**. Capacity building is a key component of the services available from CREST, and we are pleased to announce a CREST workshop to be hosted by Cancer Australia in Victoria.

Title:	Understanding health economics in cancer research
Date:	9.30 am – 4.30 pm Tuesday 17th June, 2014
Location:	Level 1 (NHMRC Office), Fawkner Centre, 499 St Kilda Road, Melbourne, Vic. 3004
Cost:	Attendance is free for Members of Cooperative Trials Groups

This introductory workshop is for those working or interested in cancer research who may encounter health economics in research papers or policy documents, or who would like to consider how health economics may be incorporated into their own practice or research. Participants in the workshop will receive course notes, including copies of the slides presented on the day, references used as examples throughout the workshop, and additional useful readings.

Workshop Program

The workshop will cover the following topics:

- Health economics and economic evaluation in research: An introduction
- Study design for economic evaluation in oncology research
- Identifying, valuing and measuring outcomes
- Identifying, valuing and measuring costs
- Interpretation of results of economic evaluations

Lunch and refreshments will be provided.

This workshop is open to members of Cancer Australia Co-operative Trials Groups at no cost. Participants will need to arrange their own travel to and from the workshop. CREST is unable to provide travel assistance for this workshop.

To register for the workshop please send your name, trial group affiliation and whether you have any dietary requirements to:

Richard De Abreu Lourenço
